Welcome to Waldhofstrasse 28, Unterägeri, Zug

A truly exceptional opportunity in one of Unterägeri’s most sought-after residential locations for buyers looking for privacy, nature and the freedom to create their dream home.

Set at the very top of Unterägeri on Waldhofstrasse 28, this 953 m² plot enjoys beautiful, wide-ranging views across the Ägeri Valley, exceptional privacy and a peaceful setting surrounded by greenery. With agricultural open land directly behind the property, the location offers a rare sense of space and tranquillity, creating an almost oasis-like atmosphere.

The existing house, originally built in the 1970s, offers approximately 220 m² of living space, four bedrooms and generous ancillary areas. While the property could be completely renovated and extended, the plot also presents an exciting opportunity for a new-build development tailored entirely to the future owner’s vision.

The property is located in the W2a residential zone with an utilisation ratio of 0.33, offering development potential of approximately 315 m² of utilisation-relevant floor area. The zoning permits two full above-ground floors plus an attic floor, providing considerable flexibility for a substantial extension or a new, contemporary residence.

Properties combining this level of privacy, views, plot size and development potential are rarely available in Unterägeri. Whether creating a completely redesigned family home or developing a new architectural statement, Waldhofstrasse 28 offers an outstanding opportunity to realise a truly bespoke residence.
